

STEM Summer Camps in Lebanon!

August 19-23, 2024, at the Fire Safety Complex, 23 Goshen Hill Road

Sponsored by the Lebanon Recreation Commission

Building Up S.T.E.A.M. Using LEGO® (9:00 AM – 12:00 PM)

(Grades K-1/Ages 5-6) It's never too early to begin using the engineering design process! Children are working independently and cooperatively as they begin to explore simple machines using LEGO® Duplo® early childhood materials. There will be 2 or 3 motion-based projects introduced each day of the week with additional challenge activities for all building skill levels. Your child will have the opportunity to work with and bring home evidence-based lab sheets showcasing what they build in order to share with family and continue the learning process outside of camp. Projects may include wedge launchers, scissor lifts, and drumming machines. (Price: \$140)

S.T.E.A.M. Works Using LEGO® (1:00 PM – 4:00 PM)

(Grades 2-5/Ages 7-9) It's time to explore the engineering design process! Children are working with standard LEGO® materials to problem-solve engineering challenges involving structure, levers, gears, pulleys, and other elements of simple machines. There will be 2-3 projects introduced each day of the week with additional challenge activities to accommodate all building skill levels. Your child will have the opportunity to work with and bring home evidence-based lab sheets that demonstrate what they are building so they can share with family and continue the learning process outside of camp. Projects may include drawbridges, flywheel cars, and amusement park rides. (Price: \$140)

Please detach below and send to: Sandy Tremblay
