1.0 First Selectman Joyce Okonuk called the meeting to order at 4:05 p.m. Selectman John Bendoraitis and Administrative Assistant Patti Handy were also present; Selectman Linda Finelli was absent. Guests included Veronica Calvert, Finance Director; Darcy Battye, Senior Center Director and Bill Alleman of Edward Jones. Audience: 2.

2.0 **Public Forum** – Resident James Mello asked if the issue concerning the public use of the Senior Center was going to be discussed. Okonuk said that it would not be at this meeting as she needs to meet with the Commission on Aging first to develop the parameters of use and a building use policy. Once that was completed it will be brought to a future BOS meeting for discussion.

3.0 **Correspondence** - None

4.0 Lyman High School student Bryce Johnson was present to request approval for his proposed Eagle Scout Project. Johnson proposed raising funds to purchase a gazebo for the grounds of the Senior Center and to prepare the base for the gazebo, add benches and landscaping. The building itself would be pre-made of low-maintenance vinyl and the location would be adjacent to another pending Eagle Scout project to build a butterfly garden with benches. Darcy Battye, Senior Center Director was present and confirmed that residents are more frequently utilizing the outdoor grounds and she supports the project. **Motion made by Bendoraitis/Okonuk to support and approve Bryce Johnson’s proposal to place a gazebo on the grounds of the Senior Center as described for his Eagle Scout Project. Vote: Yes, unanimous.**

5.0 **Treasurer Report**

5.1 Bill Alleman of Edward Jones was provided an update on the endowment funds in the Investment Accounts managed by Edward Jones. His review showed that the income on the accounts is increasing very nicely with an increase in appreciation of nearly 8% since December 2014. He reported that one of the stock holdings—PP&G—will be split this month, meaning that the Town will own twice as many shares but at half their present value. He said that this is quite common and it will not affect the revenue. He also said that there is $349.52 in cash that is currently available for reinvestment.

5.2 Calvert had brought to the attention of the Selectmen several CD’s currently at the Savings Institute Bank and Trust that will be reaching maturity in June and August. Many of these are scholarship funds that were donated many years ago and sitting in short-term CD’s that are earning little income. It has been previously discussed that these funds should be rolled into the pooled investment account per the town’s investment policy; the percentage of the overall value of the funds would remain the same from the date that each one is added to the portfolio and would share the same risks and rewards. Discussion followed regarding the original intent for the management of these donations. Okonuk said that although she has tried to reach surviving family members of the original donors, she has met with limited success. She had been reluctant to take action on these accounts prior, but has come to the conclusion that in best interest of the recipients of these awards the funds must be added to the portfolio so as to maximize the amount of income generated. **Motion made by Bendoraitis/Okonuk to authorize the closing of the following accounts at the Savings Institute Bank and Trust at the time of their maturity, with the principle amounts being added to the Edward Jones Investment Accounts, interest being posted as revenue to the individual account: William Taylor Cemetery, Cemetery Perpetual Care, George Lyman Scholarship, Flegert Ausberger Library, Flora Williams Library Fund, Cummings Scholarship, E. Reichard Nursing Scholarship, Elizabeth Grant Scholarship, Flora Williams Scholarship, Helen Rogers Scholarship, Royal Woodward Scholarship, Lebanon School Prizes, Town School Prizes, Mary Chase Library Fund. Vote: Yes, unanimous.**
Motion made by Bendoraitis/Okonuk to instruct the Treasurer to invest the proceeds from the maturing CD’s at the Savings Institute Bank and Trust, that half of the proceeds be invested in short term bonds (less than six (6) years to maturity), with a yield to worse of more than 2%, the other half in intermediate bonds (six (6) years to fifteen (15) years to maturity) with a yield to worse of 3.5% or better, meeting the standards of the Town’s Investment Policy. Vote: Yes, unanimous.

5.3 The question was raised regarding proxy voting on shares within the Investment Portfolio. The Selectmen and the Treasurer have agreed in the past that the Town would not vote on proxy shares as Edward Jones is unable to advise the Board on this, so when ballots are received there will be no action taken.
