B. Petrie MOVED to adjourn the order of agenda and to take up “Authorize Hellstrom Land Surveyors to conduct farmland preservation survey for the Geer Family Trust property for $16,825” as Item 3.0. J. Bendoraitis SECONDED.

MOTION CARRIED 2:0:0

3.0 Authorize Hellstrom Land Surveyors to conduct farmland preservation survey for the Geer Family Trust property for $16,825

B. Petrie MOVED to authorize Hellstrom Land Surveyors to conduct the farmland preservation survey for the Geer Family Trust property in the amount of $16,825 with funds to come from 220-00-461-2701-0060 Open Space Account. J. Bendoraitis SECONDED.

MOTION CARRIED: 2:0:0

B. Petrie MOVED to adjourn the order of agenda and to take up “Discuss and Act Upon DPW Referendum Results” as Item 4.0. J. Bendoraitis SECONDED.

MOTION CARRIED: 2:0:0

4.0 Discuss and Act upon DPW Referendum Results
B. Petrie said the referendum failed by roughly 400 voters. The Board discussed factors that may have contributed to the rejection. B. Petrie said she supported the project. She felt that it was expensive and thought there is still uncertainty with the Library renovation and expansion project and land ownership continues to be a concern. J. Bendoraitis said he grappled with the price but felt based on his own research that it was within the appropriate range for construction costs based on square footage. He said to be cheaper, it would likely need to be smaller. It may be affordable but may not meet the Town’s needs.

R. Cady said the Committee had met since the referendum failed. He said the overall sentiment was that they need direction now from the Board of Selectmen on how to proceed. However, he said the Committee felt the scope of the project was appropriate based on the needs of the Town. He said he felt there was a lot of misinformation about the project.

B. Dennler said social media reactions to the proposal were largely negative and that there was a lot of misinformation that the Selectman’s Office was unable to correct due to restrictions on the Board regarding advocacy in the lead up to the vote. He agreed to compile a collection of public comments on the project to give to the committee.

**NO ACTION TAKEN.**

**B. Petrie MOVED to adjourn the order of agenda and take up “Discuss and Act upon Smith Road and Randall Road Bridge Plans” as Item 5.0. J. Bendoraitis SECONDED.**

**MOTION CARRIED: 2:0:0**

**5.0 Discuss and Act upon Smith Road and Randall Road Bridge Plans**

B. Handfield provided materials from Yantic River Consultants including estimated construction costs for bridge replacement on Smith and Randall Roads following the September 2018 rain event. The estimated total cost for the Smith Road project is $314,000. The estimated total cost for the Randall Road project is $374,000. He speculated that the real costs could end up being less expensive should the Town not fund the replacement. It is anticipated that the more expensive approach would last longer over 50 years and should the Town fund the less expensive plan, which would be 2 culvert pipes for each structure, that would only last 20 years.

The Board, B. Handfield, and J. Tuttle discussed the requirements to qualify for and apply FEMA aid to this project. B. Petrie said she will bring the materials to the Board of Finance and attempt to get the full projected cost. She and J. Bendoraitis agreed it is worth being prepared to spend the full amount of money to ensure a safer, more durable structure.

**NO ACTION TAKEN.**

**B. Petrie MOVED to adjourn the order of agenda to take up “Discuss and Act upon Mack Road Drainage Planning for 2019-2020” as Item 6.0. J. Bendoraitis SECONDED.**
6.0 Discuss and Act upon Mack Road Drainage Planning for 2019-2020

B. Handfield distributed materials from Yantic River Consultants regarding potential long term plans to address the drainage issues on Mack Road from #194 to Pease Brook and Mack Road from Pease Brook to Route 87 including Dr. Manning Drive. The total estimated cost of this project is $1,148,000.

B. Petrie said this would be a long-term project probably over the course of several years. She said it may also be time for a wide assessment of the public works capabilities of the Town, including drainage and water management.

NO ACTION TAKEN.

B. Petrie MOVED to adjourn the order of the agenda and take up “Discuss and Act upon September 2019 Rain Storm Event” as Item 7.0. J. Bendoraitis SECONDED.

MOTION CARRIED: 2:0:6

7.0 Discuss and Act upon September 2018 Rain Storm Event

J. Tuttle discussed his recent meeting with representatives from FEMA regarding the storm and the DPW’s progress with restoration. He said certain areas will need to be revisited even after initial restoration efforts are complete. He estimated the total cost of materials, equipment, and man-hours as part of restoration will probably be about $200,000.
