4.2 The Rec Commission has recommended two ordinances, one for “no dogs” and another for “no smoking” at the recreation fields. Okonuk asked the Board to consider signs in lieu of an ordinance. Okonuk said she had discussed signage with the Resident State Trooper, and he agrees with her recommendation. In addition, State Animal Control told the RST and they feel it is not a good idea to prohibit just dogs and they doubt the town would be able to keep animals off public property. Okonuk read the recommended wording for the sign as follows: To protect the health and safety of children and visitors to Aspinall Field, we ask that you abide by the following regulations:

- Owners shall be responsible for keeping pets on a leash and for cleaning up behind their pets.
- No Smoking Allowed.
- Alcohol Strictly Prohibited

Any person or persons failing to abide by the above rules will be asked by proper authority to leave the premises. Failure to leave the premises when asked may result in arrest.

Selectman Bendoraitis entered the meeting at 6:36 p.m.

The Board discussed construction aspects that Public Works staff could complete and other items that could be completed at a later date to reduce the $158,000 estimated project cost. Okonuk suggested combining three projects in one advertisement, including Town Hall parking project, re-paving of the Fire Complex parking lot, and the replacement of the sidewalk at the Community Center. After much discussion, the Board decided to advertise Town Hall Parking Lot separately due to the complexity of that project. Moved by Okonuk, seconded by Blakeslee to advertise for the reconstruction of the Town Hall parking lot. Vote: Yes. Unanimous.

4.4 After discussions with VISION Appraisal, it was determined there will be extra funds remaining in the revaluation account. Okonuk suggested recommending to the Board of Finance that excess funds be used to hire a full time assessor instead of replacing the present vacancy with another part-time employee. No action.

4.5 The Board continued their review of new and existing ordinances with the following notations: Parking Fee Ordinance: Existing penalty is $5.00. Okonuk met with the Resident State Trooper regarding on-street parking during storms. The RST recommends a fee of $48.00 which is consistent with state-wide fees. No other wording changes. Moved by Okonuk, seconded by Blakeslee to bring the Parking Ordinance to the next Town Meeting. Vote: yes. Unanimous.

JT Jr House Study Committee: It is undetermined if an ordinance is required to change the charge of a “Study” committee to a regular Committee or Commission. Expenditures are recommended by the Jr House Study Committee and approved by the Board of Selectmen. The Committee members do not have appointed terms. Because they are a Study Committee, terms are “End of Project”. The Board requested an opinion from Town Counsel as to whether the Selectmen can change a Study Committee to a permanent Committee, with appointed terms, and if so, is an ordinance required. No action.

Cemetery Commission: Last year, the Cemetery Commission requested to increase the number of members from six to seven. After researching records, it was determined the six-member Commission was formed by a vote at Town Meeting in 1969, with terms, but not via an ordinance. The Board requested Town Counsel be asked 1)Was an ordinance required when the commission was created by Town Meeting, 2) can the town now create an ordinance establishing the Commission with seven members and 3)obtain an explanation of the difference between a Board, Commission and Committee. No action.

4.6 The First Selectman obtained two proposals for the basement floor replacement at the Community Center: 1)Williams Flooring, Colchester – vinyl with removal of existing mastic; laying new vinyl tiles at $4769.70 2) Advanced Epoxy Floors, Colchester - subsurface prep, install 100% epoxy vinyl-chip, Dur-A-Flex Floor System with bio-proof antimicrobial and finish coat of chemical-resistant polythane at $12,936.00. The Board agreed that there is a drainage issue which must be addressed at a later time. The Board felt that installing the standard tiles may have the same results when water enters the building. There was discussion surrounding to the guarantee and life expectancy of the epoxy product and the Board requested the First Selectman to contact Advanced Floors to obtain additional information regarding these concerns. No action.
