4.0 Correspondence
4.1 Okonuk read a letter from a resident requesting to bring the proposed ordinance for a split budget to the Annual Town Meeting. Okonuk has explained to the resident that his letter was received too late to bring it to this years’ Annual town Meeting, but that she would bring it before the Board of Selectmen for discussion. The Selectmen agreed that since the proposed ordinance in question failed at a previous Town Meeting, it should now be referred back to the Board of Finance for further consideration if they wished to do so. Okonuk will forward the letter to the Board of Finance. Bendoraitis sees no reason to revisit the issue at this time.

4.2 The Selectmen’s Office has received two letters signed by multiple residents on Card Street regarding truck traffic on the road. The issue will be taken up under New Business.

5.1 Mark Elliott was present on behalf of the LVFD to request the extended use of Aspinall Property for training purposes through the spring of 2011. Bendoraitis said that although he appreciates the purpose of using the building for training, he would like to see the site cleared. He also expressed concern that the building might become difficult to keep secure from unwanted entry, but Elliott said that would not be an issue as they are using a “controlled burn” within the building, which does not weaken the structure or make it accessible from the outside. The Selectmen agreed to extend the use of the building through the end of the calendar year, but would like an update from the LVFD at the December 7, 2010 Regular Meeting; Elliot agreed. Motion made by Bendoraitis, seconded by Finelli to extend the use of the Aspinall property for LVFD training through the end of 2010, with an update from the LVFD at the December 7, 2010 Regular Meeting of the Board of Selectmen. Vote: Yes, unanimous.

Elliot also brought up the question of funds remaining from the Fire Safety Complex project account. Okonuk said that she requested an update from the Finance Office but had not yet received it. She said that the Board of Selectmen will request that the Board of Finance look into the matter. Okonuk said that she will request that the BOF adds this issue to their next meeting agenda.

5.2 Chairman of the Ethics Code Drafting Committee, Dori Bruce, and member Craig Durand were present to give an update on the progress that the Committee has made to date. Bruce explained that the Committee has been working on their revised draft for a Code of Ethics for all volunteer members of Municipal boards, committees and commissions. They are looking for input from the Selectmen regarding the issue of financial disclosure and business interest as it relates to possible conflicts of interest. The Selectmen were all in
agreement that financial disclosure should not be a requirement, but rather a voluntary disclosure. Finelli expressed concern that the Committee is “opening a can of worms” (by requiring such disclosures) and that it may discourage people from volunteering. Okonuk agreed, and said that any such requirement would have to be worded in such a way as to be easily understood, and not be intimidating. Finelli suggested that a disclosure form would allow people to “self identify” any possible conflicts. Bruce asked if such information would be public or private, and Bendoraitis said that he would be against any information being “private” as everything should be open to the public. The discussion continued regarding what to do in the event of a conflict arising, and the Selectmen agreed that any complaints would be up to the Ethics Committee to oversee any complaints.
