

**LEBANON BOARD OF EDUCATION
CURRICULUM/STRATEGIC PLAN SUBCOMMITTEE MEETING
LEBANON MIDDLE SCHOOL LIBRARY
APRIL 26, 2023 - 4:00pm**

MINUTES

In attendance: Danelle Person, Sarah Haynes, Superintendent Gonzalez, Rita Quiles-Glover, Cathy Hunt

I. Call to Order

Danelle called the meeting to order at 4:00 p.m.

II. Discuss proposed textbook for new AP Science Course

Cathy Hunt, Science teacher at Lyman, presented the textbook she recommends for the new AP Environmental Science course: *Friedland/Relyea Environmental Science for the AP course*: The 4th edition just came out. She would like to order the digital copies of the book to save paper. The digital version also provides many added benefits for the teacher and the students which she showed us through a digital presentation. The “books” would be bought through a 6 yr subscription of \$3,177 for 90 students. This year 21 students are signed up. This course may be offered every other year at Lyman, depending on the interest. If purchased as a physical book it would cost \$95 each. Sarah Haynes recommended that we submit this book for first reading at the next Board of Education meeting on May 9. If approved a physical copy of the book will be on display at the Jonathan Trumbull Library for 30 days for public review per Board policy. Rita will provide a link to the digital book on display for those interested. Information below:

Use the above credentials to log in at: <https://hs.saplinglearning.com/ibiscms/login/> and access the **SCIENCE: AP Environmental Science, 4e** demo course

III. Adjournment

Danelle adjourned the meeting at 4:17 p.m.

Respectfully submitted,
Danelle Person, Subcommittee Chair.
