Moderator Vertefeuille called the question. Vote Called – Motion Passed

Moved by Jan Van Woerkom, seconded by Alicia Wayland to bring item 6 to the floor. ***“Consider and act upon the repeal of the Ordinance Regarding the Approval of Capital Projects.”***

First Selectman Joyce Okonuk spoke to the question as follows. The Ordinance Regarding the Approval of Capital Projects was approved at the May 9, 2009 Annual Town Meeting. The ordinance requires that any capital project with an estimated tax impact in excess of 5% of the Mil Rate be approved by a majority vote of the electors at the Annual Town Meeting. By restricting approval to once a year, the bonding of capital projects could be compromised. At the request of the Board of Selectmen, Bond Counsel, Doug Gillett, reviewed the ordinance and has determined that it is unenforceable and unworkable. Upon Bond Counsel’s determination, the Board of Selectmen is requesting that the ordinance be repealed.

Robert Slate stated that capital projects have a large impact on tax dollars, and by bringing these projects before the Annual Town Meeting, when the proposed Fiscal Year budget is presented, tax payers would be given the full impact of tax dollars being spent.

Moved by Robert Slate, seconded by Jan Van Woerkom, to amend the question as follows. ***“Consider and act upon tabling the repeal of the Ordinance Regarding the Approval of Capital Projects and direct the Board of Selectmen to bring it back to a future Town Meeting with revisions.”*** Vote Called- Motion Passed
