

Addendum #2 3.18.21

1. It does say that you want the spring cleanup done two weeks before Easter; it also says two weeks before Veterans Day for the fall cleanup. It is my understanding that once the contract is awarded you would want us out there ASAP for the spring cleanup?

Reply: Due to the schedule for the award, clean up may be done one week before Easter for calendar year 2021. If the contract is extended, clean up shall be done two weeks before Easter for calendar year 2022. No change for Veterans' Day.

2. I also want to make sure that once we clean up for the fall there will be no additional work after Veteran's Day? I believe we discussed something different here at the meeting. Something along the lines of a cleanup before Thanksgiving.

Reply: There will be no additional work after Veterans' Day.
