

RECYCLE RIGHT. RECYCLE SMART.

With the RecycleCT Wizard app!

Your smartphone will be even smarter with the RecycleCT Wizard app. It takes the guess work out of deciding What's In and What's Out of your bin.

With an intuitive search wizard, you can quickly discover which household items are acceptable in your recycling bin or not, tips for reusing certain materials, and how to contact local recycling coordinators, or transfer stations, to find out how to properly dispose of other materials.

So, the next time you wonder if your shredded paper is accepted in your mixed recycling/single stream bin (it's not) or the aluminum pie plates from your backyard BBQ (yes, after rinsing), the answer will be right at your fingertips.

Now that's smart.
